

STC Employment Opportunity

Maintenance Technician 1 Full-Time Term Position

The Organization

Saskatoon Tribal Council (STC) improves the quality of life of First Nations through mutually beneficial partnerships with community organizations and industry. Opportunities for an improved living are accessed through programs and services in health, safety, economic development, education, and financial investments in the broader community. Acting as a representative body for seven First Nations, STC delivers programs and services to those living in member communities and Saskatoon. More information is available at www.sktc.sk.ca

FIRE: Fairness, Integrity, Respect, Excellence

The Position

Cress Housing is an affordable housing corporation that owns 400 units, a mix of single and multi-family units, and additional units under management to support local housing initiatives. Both subsidized and non-subsidized housing aim to provide low to moderate-income Indigenous families with affordable accommodations. The Maintenance Technician is responsible for ensuring the safe, efficient, and well-maintained operation of affordable housing properties. This role involves performing a variety of maintenance tasks which includes preparing surfaces, selecting appropriate materials and applying painted finishes ensuring a high standard of aesthetics and protection, minor repairs, and preventive maintenance activities ensuring the comfort, safety and satisfaction of residents. All done to be in a timely manner to meet project deadlines. This role is primarily working on-site within Saskatoon with periodic shop attendance as required. Candidates must have a suitable vehicle for daily work use, a re-imbursement is payable each month, captured via an app on a work issued cell phone. The Maintenance Technician is an integral part of the property management team and contributes to maintaining a high standard of living for residents.

Responsibilities

- **Maintenance and Repairs:** Conduct routine inspections of buildings, units, and common areas to identify and address maintenance and repair needs promptly. Perform repairs and maintenance tasks, including minor plumbing, extra-low volt electrical circuits, carpentry, painting, heating and HVAC systems, assemble, install and/or repair facility furnishings and fixtures ensuring safe and functional living conditions for residents. Perform minor electrical repairs such as replacing switch plates, plug ins and light fixtures, minor plumbing such as replace worn or leaking tap washers, toilet tank floats and valves, faucets and shower heads. Perform and/or troubleshoot minor repairs on appliances, troubleshoot minor repairs of hot water tanks.
- **Painting:** Clean, sand and scrape surfaces to remove old paint and debris, Fill cracks, holes and joints with appropriate materials. Apply primers or sealers to prepare new surfaces for finish coats. Apply paint, varnish, and other finishes with an appropriate number of coats to achieve the desired coverage and finish.
- **Tenant Work Orders:** Respond to tenant work orders in a timely and courteous manner. Address maintenance concerns raised by residents and staff to strive to resolve issues efficiently while ensuring resident satisfaction.
- **Preventive Maintenance:** Perform regular preventive maintenance tasks to prolong the life of equipment, appliances, building systems and conducting routine inspections. Inform the Maintenance Supervisor when major work is required. Complete annual inspection of all properties in the STC portfolio. Occasional landscaping, spring yard clean up and tree trimming. Maintain exterior finishes such as eaves troughs, grounds on vacant units such as garbage clean up and removal, grass cutting etc, primarily when requested and for elderly residents and those with limited or poor mobility.
- **Safety and Compliance:** Maintain a safe and hazard-free environment for residents and staff. Adhere to safety protocols and regulations while performing maintenance tasks. Ensure compliance with all relevant building codes, regulations, and affordable housing program requirements. May work with contaminants as oils, solvents, and paints therefore wear PPE as provided by Cress Housing, subsidy available for safety footwear.
- **Documentation:** Maintain a safe and hazard-free environment for residents and staff. Adhere to safety protocols and regulations while performing maintenance tasks. Ensure compliance with all relevant building

codes, regulations, and affordable housing program requirements. May work with contaminants as oils, solvents, and paints therefore wear PPE as provided by Cress Housing, subsidy available for safety footwear.

- **Team Collaboration:** Collaborate with property management staff, contractors and vendors to coordinate and oversee maintenance projects, repairs, and improvements. Communicate effectively with colleagues to ensure seamless property operations includes Code of Conduct. Participate in training sessions, workshops and short courses for the purpose of upgrading skills, an ability to work with minimum supervision and keeping informed on new department and position related developments.
- **Tenant Relations:** Interact professionally and respectfully with residents while performing maintenance tasks. Provide exceptional customer service and address resident concerns with empathy and professionalism.
- **Emergency Response:** Be available for on-call duties as needed, responding promptly to emergency maintenance requests outside of regular working hours.
- Perform other related duties as defined and assigned by the reporting Director or designate on an as and when required basis.

Education and Experience

- High School Diploma or Vocational technical training in property maintenance is desirable with 3 years related work experience. IP Red Seal carpentry or plumbing welcome.
- The maintenance technician must possess a mechanical aptitude to perform the duties needed for this role with previous experience in affordable housing settings.
- Proficiency and knowledge in a variety of maintenance skills including minor plumbing, carpentry, painting, ELV electrical practices.

Knowledge, Skills, and/or Abilities:

- Strong problem-solving skills and ability to troubleshoot maintenance issues effectively;
- Knowledge of hazards, workplace safety protocols, safe lifting and handling procedures, building codes and regulations related to maintenance and repair work.
- Excellent written, verbal communication skills, able to connect and relate with our residents and colleagues.
- Ability to manage your timekeeping effectively, prioritize tasks and problem solve independently.
